REMINDER

'NEW' 120KG MINIMUM BALE WEIGHT STARTS 1ST JANUARY 2016

The introduction of the 120kg minimum bale weight for non-speciality wool starts on 1st January 2016. The maximum bale weight of 204kg remains unchanged.

To ensure that the introduction of this new minimum weight is well known and understood, all stakeholders are urged to talk to their wool grower, wool classer and shearing contractor clients about this change and how they might achieve a more productive outcome when shearing.

- ✓ Bale Weight stickers (below) for the wool press are available for distribution from AWEX,
- ✓ The Bale Weight Calculator App is free and available to be downloaded:

To download the AWEX Bale Weight Calculator go to:

- Apple App store <https://itunes.apple.com>
or
- Google Play <https://play.google.com/store/apps>
