## REMINDER - Call for Submissions AWEX Code of Practice Review

AWEX wishes to remind wool industry stakeholders that the triennial review of the Code of Practice (*Preparation of Australian Wool Clips: The Wool Classer*) has commenced and will be undertaken by the Industry Services Advisory Committee (ISAC).

The Code of Practice is the recognised standard for the preparation of Australian wool and it reflects the expectations of buyers, wool manufacturers and retailers, and provides valuable guidance to woolclassers, wool growers and the broader industry.

The review, which is open to wool classers, wool growers and interested parties, will be comprehensive to ensure full consideration of all issues. The completion of the review and endorsement of the content of the Code of Practice will coincide with the launch of the 2019-21 Wool Classer Registration.

**AWEX invites you and/or your organisation to provide a submission to this review. The review period is now open and will close on Friday 28<sup>th</sup> July 2017. Submissions must be provided in writing.**

- Submissions may raise issues from the 2016-18 Code of Practice, or any new industry issues that you would like considered.
- Submissions must include the topic and a brief description of why this matter should be considered. Suggestions on how each issue might be addressed are also welcome.
- All submissions must include the name and address of the author and must be received by AWEX by the 28<sup>th</sup> July 2017. Submissions will be treated in confidence.
- Written submissions may be sent by post or email. Address submissions to:
