AWEX Appoints Woolclasser Registrar

AWEX is pleased to announce the appointment of the new Woolclasser Registrar, Peter Sudholz.

“The woolclasser registrar is the principal contact point for woolclassers and woolclasser trainers”, said Mark Grave CEO, AWEX “Peter’s background in agriculture, specifically in wool and education, provides the right balance of industry experience and practical understanding of woolclassing to fulfil this role.”

“Peter’s extensive career in wool industry education and shed-hand training were critical elements in Peter’s appointment. It is important that AWEX appoints someone who has the experience, credentials and can communicate effectively with all woolclassers.” said Mark Grave “AWEX will continue to invest in education and woolclasser services. Peter’s appointment is an example of how highly AWEX prioritise these areas for the future direction of the industry.”

Peter, through his involvement in the development of educational resources and the implementation of competency based training, has been an innovative and proactive educator. Within the education sector he has held management roles in primary industries and TAFE serving at both state and national levels in the development of curriculum, training packages and writing of resources for woolclassing.

Peter remains an active Australian woolclasser and has served on AWEX’s Industry Services Advisory Committee (ISAC) Woolclasser Code of Practice Review Committee, and more recently Peter has been one of AWEX’s National Wool Declaration (NWD) - Integrity Program on farm inspectors for mulesing status.

Peter’s role will be highly visible, providing training and support to current woolclassers and training organisations, whilst also working to ensure the future needs of industry are met in terms of woolclassing.

Peter can be contacted on 0408 881 137 or e-mail psudholz@awex.com.au
