

The Inland Woolbrokers Association Inc

PO Box 350, Cowra 2794

To Kerry Hansford

13/03/2023

Secretary NWD ICC

The Inland Woolbrokers Association met on the 13th March to consider the request to review the NWD V 9.3.

After lengthy discussion the members attending considered the following:

- If the NWD V 9.3 was working to full capacity.
- Whether the current MS categories warrant review and or change.
- Is the farm declaration CM working better under current V9.3

Members unanimously concluded that the NWD V9.3 to date had not had enough market exposure to allow it to be fully understood by the entire industry. The 9 members attending agreed that rather than review the current document, there should be a concerted industry campaign to further educate the pipeline of the most recent modifications and new features of the NWD. The IWB are committed to support AWEX in any education and extension programmes that will aid the increased adoption and compliance of the NWD.

Meeting Attendees:

- Australian Wool Network
- Beecher Wool Services
- Bryton Wool
- Coggan Wool
- Don Macdonald Wool
- Jemalong Wool
- Litchfield Wool
- Moses & Son
- Riverina Wool

Yours Faithfully

Mark Bazeley

IWB Chairman
