Subject: Improvements

Hi,

I just wanted to pass along an improvement that we'd love to see on the Wool Clip app/program.

As SustainaWOOL growers we are accredited as Non Mulesed BUT we'd also like to be able to tick the box for AA on our declaration as their gold tier certification stipulates pain relief for castration and tail docking.

If we have the option to select our mulesing status, and our pain relief status that would be amazing.

Kind regards,
Emily Stretch
